

# AltraAudioVC™

High quality ceiling microphones & digital signal processor based add-in audio system for improving audio quality in visual collaboration sessions in rooms having Business Octane's AltraWorkdriverVC™

## Advantages of AltraAudioVC™

1. For the first time, there is no need to speak into a microphone or a speakerphone. Sit anywhere and hear distant speakers as if they are sitting beside you in your visual collaborations session.
2. Get an audio DSP (Digital Signal Processor) refined high definition audio without any hiss.
3. Visual collaborations sessions will no longer be filled with confusion as every spoken word would be crystal clear, without any interruptions.
4. \*Optional stereo audio makes users more involved in video teleconferences, helping them to achieve more success.
5. Upgradable to the corresponding model of Business Octane's AltraCLARITY™, to add in standalone audio teleconferencing capability.

# AltraAudioVC™-WL

High quality wireless microphones & digital signal processor based add-in audio system for improving audio quality in visual collaboration sessions in rooms having Business Octane's AltraWorkdriverVC™

## Advantages of AltraAudioVC™-WL

1. Flexible microphone placements aid instant positioning in close proximity to the meeting participants and ensure improved audio quality with reduced background noise.
2. Customizable, high performance wireless audio solution for much improved comprehension by both local and distant participants.
3. Liberate your enterprise wide teams with audio related struggles such as hiss, echo and low volume of distant speakers in visual collaboration sessions.
4. Smallest form factor complements the aesthetics of every conference room type.
5. Absence of audio cables ensure less clutter on the table.
6. Enterprise class solution for easy implementation across each and every visual collaboration space across your enterprise.
7. Upgradable to the corresponding model of Business Octane's AltraCLARITY™-WL, to add in standalone audio teleconferencing capability.
