

Business Octane's Professional Displays

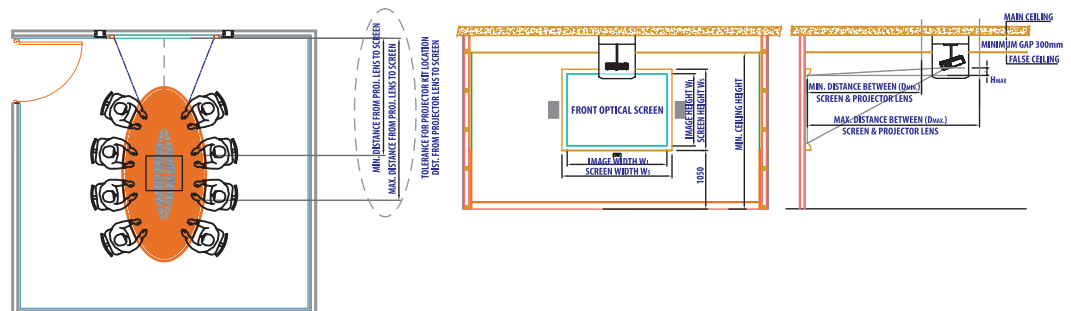

AltraCONTRASTSHOW™

The world's first noise free, highest quality, best value, professional display solution for space constrained locations.

- AltraCONTRASTSHOW™ is an optimized front large display from Business Octane that provides super bright and extremely colour saturated images in practically full light helping you to dazzle your audience like never before. Available in AX and EX variants
- Super bright professional projectors with high contrast ratios coupled with Front Optical Screens coated with seven layers of material to provide ultra contrast levels on large screens that have never been experienced before
- Whisper quiet operation fosters a perfect ambience except in the AX variant
- Available in 5 sizes of 72", 84", 100", 120" and 150" for 4:3 aspect ratio, available in 3 sizes of WS72", WS84" and WS100" for 16:10 aspect ratio & available in 2 sizes of WS120" and WS150" for 16:9 aspect ratio. Any size can be clubbed with any size of Business Octane's AltraEZPC™ FX and AltraWorkdriverVC™ FX/LX
