**TO WHOM IT MAY CONCERN**

I would like to express our appreciation for Business Octane's Immersive Dynamic Telepresence Solution, Collaborator POWERMAX™ 4/8 VX, that has provided excellent results & we have been delighted to experience the tremendous benefits it has brought to our organization. Business Octane's end-to-end designed solution that combines the highest level of functionality & aesthetics with uttermost simplicity has helped us to get things done faster & has resulted in dramatic reduction in travelling of our senior management team members.

We are delighted with the quality & performance of the solution implemented & we laud them for their capabilities.

I would recommend Business Octane's Immersive Telepresence solutions to other businesses with great delight & look forward to a continued positive relationship with them.
