Sr. No.	Part Code	Equipment	Unit Selling Price	Qty	Gross Selling Price
8	AUD-302	Audio Technica high-quality, side-address cardioid condenser microphone designed specifically for content creators, including podcasters, streamers, and home studio musicians. It features a large-diaphragm element that delivers excellent sound fidelity and a smooth frequency response, supported by a high-performance analog-to-digital converter capable of up to 24-bit/192 kHz sampling rates, along with all mounting accessories.	48,300	1	48,300
9	AUD-303	Audio Technica professional-grade hypercardioid dynamic microphone specifically engineered to deliver warm, assertive broadcast-quality sound for podcasters and content creators. Based on the design of the popular BP40 broadcast mic, it features a large-diaphragm dynamic capsule that provides a smooth, natural vocal tone while excels at isolating the speaker's voice. To ensure clean recordings in untreated spaces, the AT2040 is equipped with a multistage internal windscreen—combining foam mesh and a nonwoven pop filter—to minimize plosives, and an integrated shock mount that attenuates noise from vibrations and handling. Its highly directional hypercardioid polar pattern significantly reduces pickup from the sides and rear, allowing multiple microphones to be used in close proximity without interference, along with all mounting accessories.	46,100	3	1,38,300
Professional Control, Switching and Automation System					
10	MIS-223	9U Portable open AV Equipment rack with carry case wth casters and handle	2,52,500	1	2,52,500
